The image features a repeating pattern of vertical lines and semi-circles on a dark teal background. The vertical lines are a reddish-brown color and are spaced evenly across the frame. The semi-circles are also in the same reddish-brown color and are positioned such that they appear to be part of the vertical lines, creating a sense of depth and rhythm. The overall effect is a textured, geometric design.

10298-4

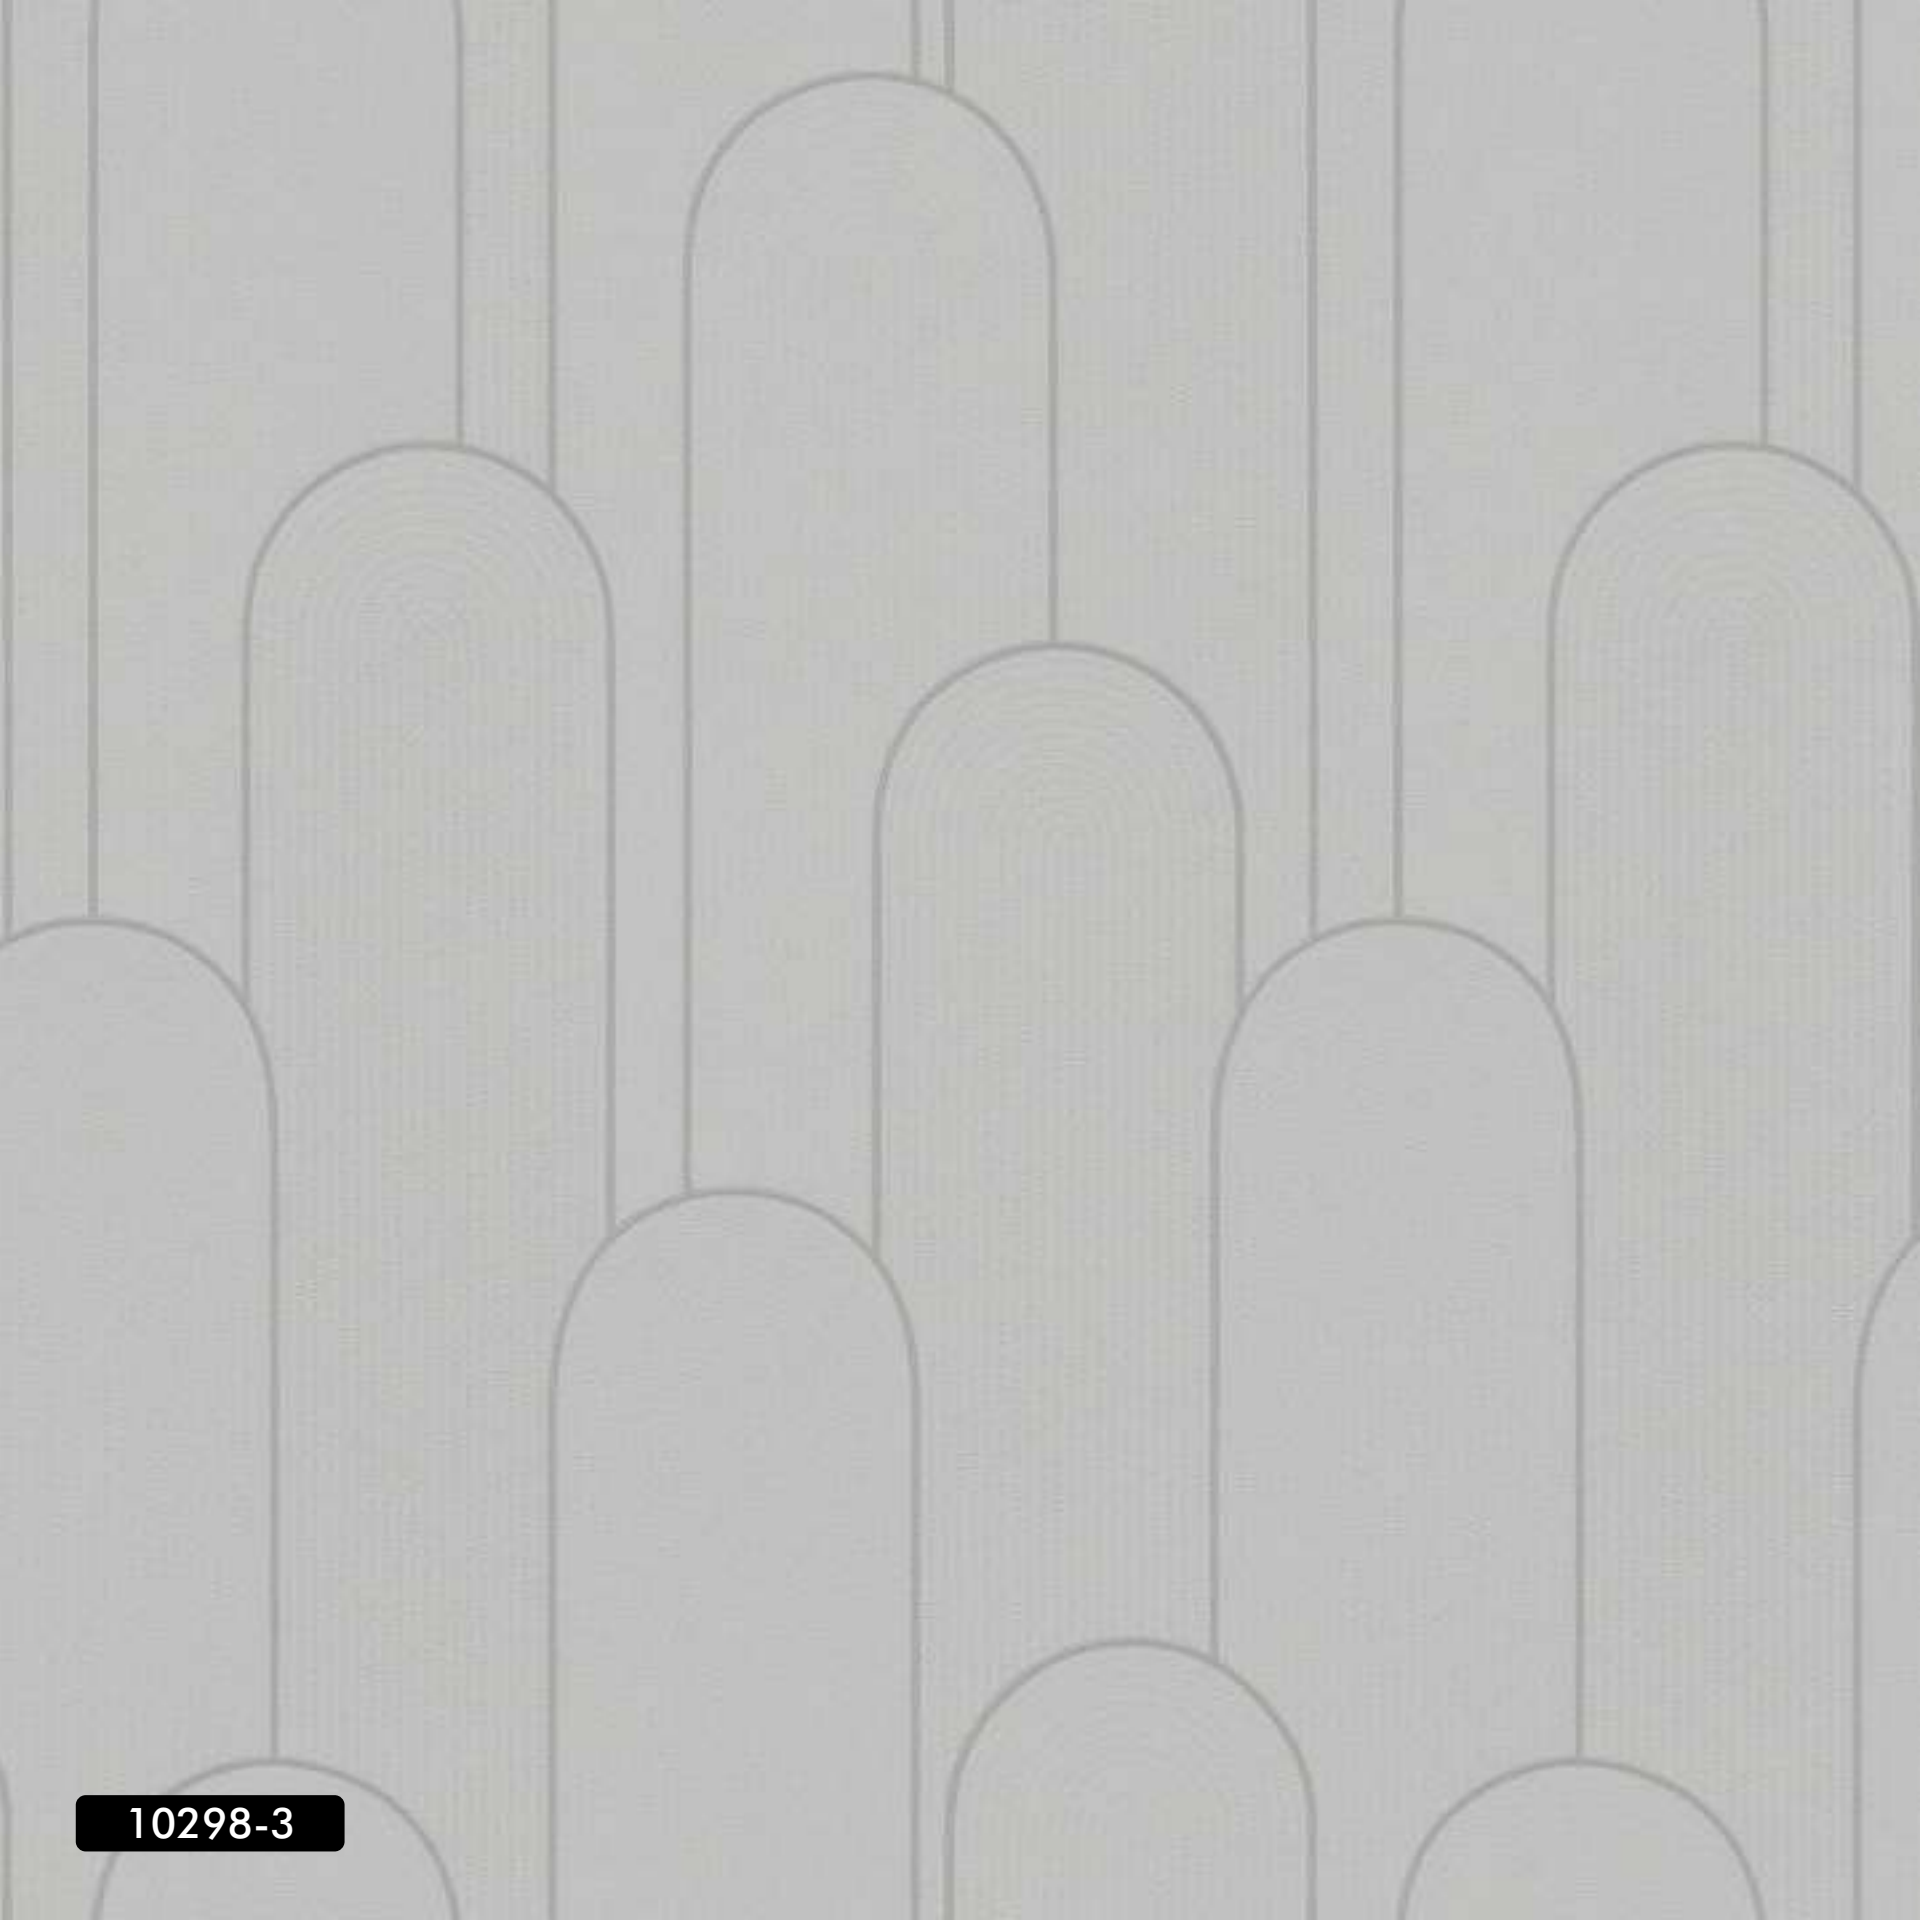

10297-4

The background features a repeating pattern of vertical lines and rounded rectangular shapes. The lines are thin and light gray, while the rounded rectangles are slightly larger and also light gray, creating a subtle, textured effect.
